**Dear Orange County Business and
Community Leader:**

The Orange County Supervisor of Elections Office invites businesses, non-profits, churches, and schools to partner with us to:

- Ensure the integrity of the electoral process
- Enhance public confidence
- Encourage citizen participation

The Adopt-A-Precinct program is designed to provide community organizations and businesses with an opportunity to participate in the elections process in Orange County, FL. At the same time, organizations can raise funds for worthy causes in which they are involved. Each participating organization or business “adopts” a specific precinct, or several precincts, on Election Day by providing the workers to staff the Election Board at that precinct. In turn, the Supervisor of Elections writes a check to the group rather than pay the individual workers. By forming a partnership with the Supervisor of Elections Office, fundraising efforts are directed toward a worthwhile cause and the public is served by having qualified workers at the polling place(s).

With three countywide elections in 2022, over \$336,735 was distributed to organizations participating in the Adopt-A-Precinct program!

Please take a moment and review the information about this opportunity to serve our community. Call the Elections Department at 407-836-2070 x46534 for more details.

Let us know that your group would like be a partner in our Adopt-A-Precinct program during the 2024 elections. We look forward to the opportunity to work with you.
